

From one-off domestic shed clear-outs, through to ongoing high value contracts, J O'Doherty has the complete range of wheelie bins, skips and roll-on, roll-offs to suit the need.

Never hired a skip before and unsure what you need for the job? Not a problem. Our experts are on hand to establish what service you require, as well as arranging any necessary council permits to accommodate a skip outside your home.

If you're working on larger projects, we have skips ranging from 4 yard through to 40 yard, plus 8 yard crane skips, 8 yard enclosed skips, as well as COSHH (Control of Substances Hazardous to Health) approved skips.

In line with Environment Agency guidelines, for all long-term skip contracts, J O'Doherty collates waste management streams data to outline the percentage of waste being recycled rather than heading for landfill.
